I always enjoy birthday parties.

On my birthday, my parents usually make a special birthday cake for me. My friends come to my home for a birthday party. They usually give me birthday cards and presents. We sing *Happy Birthday* in English and Chinese together. And then I cut the cake and share it with my parents and friends. We often sing and play games after dinner. I enjoy the sweet moment at my birthday party.

I always get lots of fun from my birthday party.

We have different kinds of food for our school lunch every day. Most food are healthy, such as fish, vegetables and fruit. Among them, my favourite dish is chicken with potatoes.

Sometimes, we have fried chicken for lunch. Although it has a good taste, we shouldn't eat it too much. Vegetables and fish should always be in the menu. They are good for our bodies. Besides, some healthy drinks are necessary for us, such as orange juice and yogurt. I hope our school lunch will be better and better.
