In ten years, probably I will go abroad for further studies, because I want to experience a totally different life overseas. I hope I will have a good job after I graduate and to be a doctor is my dream job. Maybe I'll look different and my classmates won't recognise me if we don't get in touch with each other very often. All in all, I'm looking forward to having a wonderful future and I hope my dream will come true.

My favourite way of shopping is going to the supermarket.

I'm a junior high school student and I like shopping in my spare time. There is a supermarket in my neighbourhood. I often go there with my mother to buy school things, food and drinks. I enjoy choosing things freely in the supermarket and spending time with my mother.

Although online shopping is quite popular today, I still feel the traditional way of shopping

is full of fun and joy.

My Past Life

I was born in September, 1999, in Liaocheng, a city in the west of Shandong Province. When I was in primary school, I often played and had fun with my friends by the river near my home town. I went to school on foot because my home was near to the school. My first teacher was Mrs Wang. She was strict but very friendly. We all liked her very much. I got on well with my classmates. After school we often played games on the playground. We were really happy at that time.

A Pleasant Outing

Last weekend, I went for an outing with my friends. At 7:30 in the morning, we gathered at the school gate and went to the North Hill Park by bike.

When we arrived there, we started to climb the hill at once. Then we had a picnic at the top of the hill. After that, we had fun playing many kinds of games, such as singing, dancing, telling stories and so on. We were tired but very happy. We not only admired the beauty of nature but also had fun with friends. At last, we rode bikes home at 5:00 pm.

How meaningful and unforgettable the experience was!

China is a country with a long history, so there are many customs and taboos. For example, you should shake hands and smile when you meet people for the first time. When you have meals with others, it's not polite to point at others with your chopsticks. If you are going to a party, you should arrive on time, or a few minutes late. You shouldn't send clocks

to old people as presents, because it means death in Chinese. Eight is a lucky number in China, so you can choose this number in many ways to express good meanings.
